

September 15, 2013

Dear Plan Participant:

Many provisions of the Patient Protection and Affordable Care Act (Affordable Care Act) that become effective beginning in 2014 are designed to expand access to affordable health coverage.

These include provisions for coverage to be offered through EXCHANGES which are now called the **Health Insurance Marketplace** (Marketplace). The Marketplace offers “one-stop shopping” to find and compare private health insurance options. Open enrollment for health insurance coverage through the Marketplace begins October 1, 2013.

Some provisions of the Affordable Care Act may not apply to members of a union who have active coverage in health plans that have been negotiated under a union agreement.

One of the provisions requires all employers to provide a notice titled “*New Health Insurance Marketplace Coverage Options and Your Health Coverage*”. The form provides information about the Marketplace and your rights. The PIBF is providing this required notice to you in behalf of all signatory contractors who have agreed to abide by the terms of the National Pipeline Agreement.

Working Members of Local 798 or members of other locals who have active coverage at Pipeline Industry Benefit Fund are participating in a health plan that provides “minimum essential coverage” which has been negotiated under the National Pipeline Agreement. ***In most cases it will not be beneficial for working members who have active coverage to seek coverage in the Marketplace.***

Plan participants purchasing COBRA or RETIREE coverage may want to seek less expensive coverage in the Marketplace or at least compare the price for Pipeline Industry Benefit Fund (PIBF) COBRA or RETIREE coverage. Please be aware that the coverage in the marketplace may not be equivalent to the coverage offered at PIBF.

Sincerely,

Robert Kime

PART A: General Information

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.¹

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution—as well as your employee contribution to employer-offered coverage—is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?

For more information about your coverage offered by your employer, please check your summary plan description or contact Pipeline Industry Benefit Fund, P.O. Box 470950, Tulsa, OK 74147-0950 Tel: 918-280-4800

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

¹ An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.

- ** Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount.
