Important Questions	Answers	Why This Matters:
What is the overall deductible?	**$500** person/**$1,000** family	You must pay all the costs up to the **deductible** amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the **deductible** starts over (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services after you meet the **deductible**.
Are there services covered before you meet your deductible?	Yes. Stand-Alone medical benefits are covered before you meet your **deductible**.	This plan covers some items and services even if you haven't yet met the **deductible** amount, but a co-insurance may apply. For example, this plan covers certain Stand-Alone benefits without cost-sharing, and before you meet your **deductible**, such as Chiropractic, Non-Surgical Physical Therapy, and Sterilization Benefit (member or dependent spouse only). See a list of covered Stand Alone Benefits at https://pibf.org//wp-content/uploads/SPD2019.pdf
Are there other deductibles for specific services?	Yes. **$100** person/**$200** family for prescription drug coverage. **$100** person dental. There are no other specific **deductibles**.	You must pay all of the costs for these services up to the specific **deductible** amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	For participating providers **$5,000** per person For non-participating providers **$7,500** per person	The **out-of-pocket limit** is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the **out-of-pocket limit**.
Will you pay less if you use a network provider?	Yes. See www.pibf.org or call **1-918-280-4800** for a list of participating providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No. You don't need a referral to see a specialist.	You can see the **specialist** you choose without permission from this plan.

All co-payment and co-insurance costs shown in this chart are after your deductible has been met, if a deductible applies.
